Tony Herber
Authorized Representative for The Clorox Company
The Clorox Company
c/o PS&RC; P.O. Box 493
Pleasanton, CA 94566-0803

Subject: Label Amendment – Correction to contact time for fungicidal disinfection and minor label revisions
Product Name: PANTHER
EPA Registration Number: 5813-117
Application Date: January 10, 2020
Decision Number: 559647

Dear Mr. Herber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 5813-117
Decision No. 559647

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Melanie Bolden by phone at (703) 347-0165 or via email at Bolden.Melanie@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda G. Fuller, for". The signature is written in a cursive style.

ACCEPTED

04/22/2020

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 5813-117

Formatting notes (applicable for all claims)

Now[!] -and/or- **New[ly][!]** -and/or- **Improved[!]** may be added anywhere to a claim and will only be used for the first 6 months of product on shelf.

Optional text may be placed anywhere on the label -and/or- container.

Bold, italicized text is information for the reader and is not part of the label.

Bracketed information is optional text.

All footnotes are on the last page, unless they are part of EPA's mandated text.

The word "and" may be substituted with "&". Plural words may be used in their singular form or singular words may be used in their plural form unless otherwise specified in 40 CFR.

All directions may be written in numbered form or in paragraph form.

All use sites and/or use surfaces on the label may be listed in conjunction with an image of the use site and/or use surface.

Highlighted text is new. Strike-through text means removed.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Avoid contact with skin. Wear protective eyewear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet -or- restroom.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center for treatment advice.

IF ON SKIN [OR CLOTHING]: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IN ALL CASES:** Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. Clorox information line: 1-800-292-2200.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, aquatic invertebrates, oysters and shrimp.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with chemicals, (e.g. ammonia or acids) or organic matter (e.g. urine or feces) in a manner inconsistent with labeling directions may release hazardous gases irritating to eyes, lungs, and mucous membranes.

Optional graphics; may be placed anywhere on label -and/or- container

<p>DILUTION TABLE: PPM (Parts Per Million) Available Chlorine. Degrades with age and exposure to sunlight and heat. Check the level of available chlorine with a test kit. 6 fl oz this product (3/4 cup) + One -or- 1 Gal[lon] [of] Water = 1,300 ppm</p>

Laundry -or- For Bleachable Fabrics

Optional header Cleaning and Laundry Tips

[For] Standard & H[igh] E[fficiency] Machines

[If uncertain about the dye colorfastness, test fabric by applying 1 drop of a solution made of 2 teaspoons -or- 2 tsp of this product plus 1/4 cup water to hidden part of seam. Be sure to check all colors. After 1 min[ute], rinse and blot dry. No color change means the article can be safely bleached.] [Avoid bleaching wool, silk, mohair, leather, spandex and non-fast colors.]

Whitening -and/or- Stain Removal:

[Whitening -and/or- Stain Removal:]		
Dose -or- Load	Standard [Machine]	H[igh] E[fficiency] [Machine]
Normal -or- Regular	1/2 cup	Max[imum] line -or- level [in dispenser]
Visible -or- visibly Soiled -and/or- Stained	1 cup	Max[imum] line -or- level [in dispenser]

1. Sort laundry by color.
2. Add detergent.
3. Fill bleach to max[imum] line -or- level [in dispenser] -and/or- add [measured [amount of]] bleach to [dispenser or] wash water.
4. Add clothes[, and start wash].

[For best [laundry] results, [dilute measured [amount of] of this product in 1 quart of water.] Add to wash 5 min[utes] after the wash cycle has begun.]

[To handwash, pretreat stains and clean heavy soils, rinse to remove loose soil and fully soak each garment for 5 min[utes] in a solution of 1/4 cup of this product to 1 gal[lon] of cool water. Rinse and perform a regular wash following the laundry use directions.]

[For HE Machines, follow HE machine usage instructions.]

Laundry Sanitization

To sanitize laundry: Add 1 1/4 cups of this product to a standard washer or 1/2 cup to an H[igh] E[fficiency] washer following the laundry use directions. Ensure contact with bleach [solution] for 10 min[utes].

-or-

To kill 99.9% of bacteria -or- *insert sanitization organism(s) from Organism Table* in your laundry: Add 1 1/4 cups of this product to a standard washer or 1/2 cup to an H[igh] E[fficiency] washer following the laundry use directions. Ensure contact with bleach [solution] for 10 min[utes].

High Efficiency Washing Machine Maintenance

[HE] Washing machine manufacturers suggest that you must perform periodic machine maintenance up to once per week, to ensure that your HE washer remains clean and free from any soil build-ups that may cause malodors. -or-

[HE] [Washing machine] manufacturers suggest [that] a periodic machine maintenance is performed [up to once per week] to prevent [soil build-ups that may cause] malodors. Some HE washers offer a special maintenance [or wash-out -or- clean washer] cycle. Check [the use and care guide] to see if your machine has one. If it does, follow the manufacturer's suggestions.

-or-

If your HE washer has a maintenance [or wash-out -or- clean washer] cycle, follow the manufacturer's recommendations. If your HE washer doesn't have a [-or- an automated] maintenance cycle, you may perform this function manually:

[[Note:] Do not put laundry in the washer.]

1. Select the hot water setting. [If there is no hot water setting, then select a "white" or a "stain" cycle setting.]
2. Select the "extra rinse" option[, if offered].
3. Add this product to the bleach dispenser. Fill to its -or- the maximum level.
4. Run the cycle [through [its] completion].
5. If the HE washer does not have a second rinse option, manually select an additional rinse cycle to ensure that no bleach remains in your -or- the washer.
6. If your -or- the HE washer still has unpleasant odors, [you may need to] repeat steps 1 through 5 [as necessary].

-or-

1. Use hot water.
2. Select "extra rinse" option.
3. Add this product to the bleach dispenser. Fill to its -or- the maximum level.
4. Run the cycle.
5. Follow with extra rinse [to ensure that no bleach remains [in your washer] -or- is left behind].
6. Repeat steps 1-5 [as necessary] [if your [HE] machine still has unpleasant odors]

Household Use

[DO NOT USE ON NON-STAINLESS STEEL, ALUMINUM, SILVER OR CHIPPED ENAMEL.]

DO NOT use this product full strength for cleaning surfaces. Always dilute strictly in accordance with the directions. For prolonged use, wear gloves.

For Use on Hard, Nonporous Surfaces *insert surface(s) from Table 1* -and/or- *insert surface material(s) from Table 3*

Disinfection Directions for Use

[For] Disinfecting:

-or-

Must either use "Pre-wash surface." **within directions, or add** "For visibly soiled surfaces, preclean surfaces before disinfecting." **at the end of directions.**

To disinfect hard, nonporous surfaces *insert surface(s) from Table 1* -and/or- *insert surface material(s) from Table 3*

Use 3/4 cup of this product per 1 gal[lon] of water. [Pre-wash surface.] Apply disinfecting -or- bleach solution. Let stand 6 min[utes]. Rinse [thoroughly -or- well] and air dry. [For visibly soiled surfaces, preclean surfaces before disinfecting.]

-or-

1. Mix 3/4 cup this product -or- bleach per 1 gal[lon] water. [Pre-wash surface.]
2. Apply, let stand 6 min[utes].
3. Rinse, [and] air dry. [For visibly soiled surfaces, preclean surfaces before disinfecting.]

[For] Toilet Bowls -and/or- bidets

Flush toilet -and/or- Bidet. Pour 2/3 cup of this product into bowl. Brush entire bowl including rim with a scrub brush or mop. Let stand 6 min[utes] before flushing again.

[For] Potty Seats -or- Trainers

Empty seat -and/or- pre-wash surface. Fill with 3/4 cup of this product per gal[lon] of water. Let stand 6 min[utes]. Rinse and air dry.

[For] Litter Boxes Remove litter. Wash box in soap and water. Fill with 3/4 cup of this product per gal[lon] of water. Let stand 6 min[utes]. Rinse and air dry.

[To] Reduce the Spread of Flu Viruses⁶ -or- [To] Kill [the] Flu Virus^{6,1}:

This product kills [99.9% of] common household germs[†] to reduce the spread of germs[†] in high traffic areas and children's items. Disinfect cribs, high chairs, and washable colorfast hard, nonporous toys easily with this product: **Must either add** "Pre-wash surface." **preceding the instructions or** "For visibly soiled surfaces, preclean surfaces before disinfecting." **at the end.** [Pre-wash surface.] [Then] disinfect with a solution of 3/4 cup of this product per 1 gal[lon] of water. Let stand 6 min[utes]. Rinse thoroughly and air dry. [For visibly soiled surfaces, preclean surfaces before disinfecting.]

Deodorizing Cat's Litter Box:

Unpleasant cat box odors can be eliminated when this product is used to kill odor-causing germs[†]. Wash litter box with sudsy water and rinse. Then wipe with a solution of 3/4 cup of this product per gal[lon] of water. Let solution stand 6 min[utes] before rinsing thoroughly.

Eliminating Garbage Can -and/or- Diaper Pail Odors:

This product can deodorize and sanitize your garbage cans -and/or- diaper pail by eliminating the bacteria that cause odors. Wash garbage cans -and/or- diaper pail with soapy water and rinse. Then to deodorize and sanitize, swish a solution of 3/4 cup of this product per 1 gal[lon] of water over the inside of the can. Let the solution stand 6 min[utes] before rinsing.

Kitchen¹³ and Bathroom:

Clean, disinfect and deodorize sinks, countertops¹³, bathtubs, showers, floors, vinyl and glazed tile. **Must either use** "Pre-wash surface." **within directions, or add** "For visibly soiled surfaces, preclean surfaces before disinfecting." **at the end of directions.**

- 1) [Pre-wash surface.] Apply disinfecting solution of 3/4 cup of this product per 1 gal[lon] of water.
- 2) Let stand 6 min[utes] before rinsing.
- 3) Rinse thoroughly and air dry. [For visibly soiled surfaces, preclean surfaces before disinfecting.]

Removing Exterior Mold Stains:

Mold stains on colorfast exterior surfaces of your home, like siding, tile roofs, sealed brick, stucco and patio stone can be easily removed using this product. First, hose surfaces to remove loose soil. Then apply a solution of 3/4 cup of this product -or- bleach per 1 gal[lon] of water to wet surfaces. Reapply the solution as needed to keep the area wet for 6 min[utes]. Rinse thoroughly to remove residue. [Avoid applying solution in direct sunlight or to unfinished wood.] Rinse quickly and thoroughly if solution comes in contact with aluminum window frames or gutters since metal corrosion may occur.

Spring Cleaning: [[For] Eliminating Bacteria that Cause Household Odors:]

Deodorize common household items, such as sinks, garbage cans, diaper pails and refrigerators by eliminating the bacteria that cause odors.

Sinks:

Wash, wipe or rinse items with water. Apply solution of 3/4 cup of this product per 1 gal[lon] of water. Let stand 6 min[utes] before rinsing. Rinse thoroughly and air dry.

Garbage cans -and/or- Diaper pails:

Wash garbage cans -and/or- diaper pails with soapy water and rinse. Swish a solution of 3/4 cup of this product per 1 gal[lon] of water over the inside of the can. Let the solution stand 6 min[utes] before rinsing.

STORAGE AND DISPOSAL: Store away from children. Reclose cap tightly after each use. Degrades with age and exposure to heat and sunlight. Store [this product] upright in a cool, dry area, away from direct sunlight and heat. Do not contaminate food or feed by storage, disposal or cleaning of equipment.
